

*Boxelder Dist.*

-Committee composed of C. M. Christensen representing North Field Water Users, James Knudson, of West Field Irrigators and A. S. Williams of Perry Irrigation Co., all users of Box Elder Creek waters, were present to ascertain Brigham City's attitude toward the organization and consolidation of all Box Elder Water users into one Stock company to act as distributing agents. They stated they had the favorable opinion of the State engineer on the matter.

It was the sentiment of the mayor and councilmen that everything possible be done to promote and perfect such a system, and asked the committee to report back to the state engineer the attitude of Brigham City in the matter.

Permission was granted Utah Cafe to run water into West Forest gutter from fish pool as long as it does not become a nuisance in the opinion of the council.
